## Yevgeniya Mikhailik

Yevgeniya Mikhailik was born and raised in Siberia, Russia to a family of artists and architects. A consistent theme in her work is rediscovering a sense of place inspired by her own immediate family's move from Russia to the United States when Mikhailik was 13 years old. Attending high school in Orange County, Mikhailik went on to receive her BFA in Illustration and a Masters in Fine Arts from California State University, Long Beach.

Among other awards Mikhailik has received an Outstanding Creative Achievement Award from CSULB, CSULB President Alexander Purchase Award, Society of Illustrators Los Angeles Student Scholarship and is also a member of the Society of Illustrators, Los Angeles.
